

Is your practice prepared to weather the storm of the unexpected?

From financial challenges to environmental disasters to disability or illness, having a detailed contingency plan in place can offer the practice owner peace of mind and a roadmap for minimizing disruptions when the unexpected happens.

Discover strategies and resources for creating your contingency plan to maintain practice viability in the event of future disruptions. Develop your FED plan consisting of financial, environmental, and disability components. Determine the tools and systems necessary to safeguard continuity of patient care, team safety and success of the practice.

You plan for success. But do you plan for the unavoidable?

LEARNING OBJECTIVES:

- Define the key components of your contingency plan
- Develop financial management systems required for continuity of business functions
- Identify the business advisors, contacts, business insurance policies, bank relationships, and other key contacts that will help solidify your contingency plan
- Examine procedures which address environmental disasters affecting team, patients and possible office closure
- Establish protocols for the event of illness, disability or death of a practice owner
- Recognize the importance of the employee handbook to communicate office policies relating to safety, health and time off
- Determine best practice protocols to protect team and safely provide dental care

SUGGESTED FORMAT:

Half Day;
Lecture, Workshop

SUGGESTED AUDIENCE:

Dental Practice Owners /
Dentists
